

NEW LOWER LINE CHARGES

Nelson Electricity Limited (formerly the electricity line business of Citipower) is lowering line charges from 1 July 2001. The line charges cover the cost of local electricity distribution and national electricity transmission. Line charges form part of the total power bill you get from your electricity retailer.

Nelson Electricity distributes electricity to connections in the central Nelson city including most of the Port, Port Hills, Vanguard/St Vincent Street, Hospital, Brook, Wood and CBD areas.

Residential line charges apply to household connections only. Business line charges apply to connections up to 150kVA or use less than 100,000 units (kWh) per year.
