Network Connection Application

Nelson Electricity Limited (NEL)

PO Box 7083, Nelson Ph 03 546 9256 Fax 03 546 0487

IMPORTANT

- To be completed by the person accepting responsibility for the New Connection, Temporary Builder's Supply and/or Major Alterations to Premises. Note 1. - this is not an Application for Supply of Electricity.

 This installation must comply with AS/NZS 3000:2015, Electricity (Safety) Regulations 2010 and subsequent amendments and the Nelson Electricity
- 2. Limited Network Code.
- 3. This connection can be completed but will not be livened until you have signed up with an Energy Retailer who will arrange livening.
- 4. Five (5) working days must be allowed to process this application.
- Easement Route: If the service main route traverses land belonging to another party and if a relevant easement is not subsequently registered by the applicant, Nelson Electricity Limited will NOT guarantee continued supply. 5.
